

AGIOS NIKOLAOS

Where the sea welcomes everyone

Life is an Accessible Beach in Agios Nikolaos

Agios Nikolaos now offers **Seatrac** access across four key coastal locations:

- 1. Kitroplatia Beach
- 2. Ammos Beach
- 3. Almyros Beach
- 4. Central Beach of Elounda (Schisma Beach)

This strengthens the destination’s ability to welcome a wider range of visitors, while enhancing the overall visitor experience for people with mobility needs.

Real Value for Cruise Guests

For cruise passengers, the quality of a destination is shaped by what they can actually experience ashore.

Accessible beaches add real value to the guest journey by opening more possibilities for seaside moments, family time, and independent movement along the coast.

They support easier access to the coastline, more inclusive shore experiences, and a stronger sense of welcome for guests with reduced mobility, wheelchair users and their companions.

Kitroplatia Beach

Kitroplatia Beach

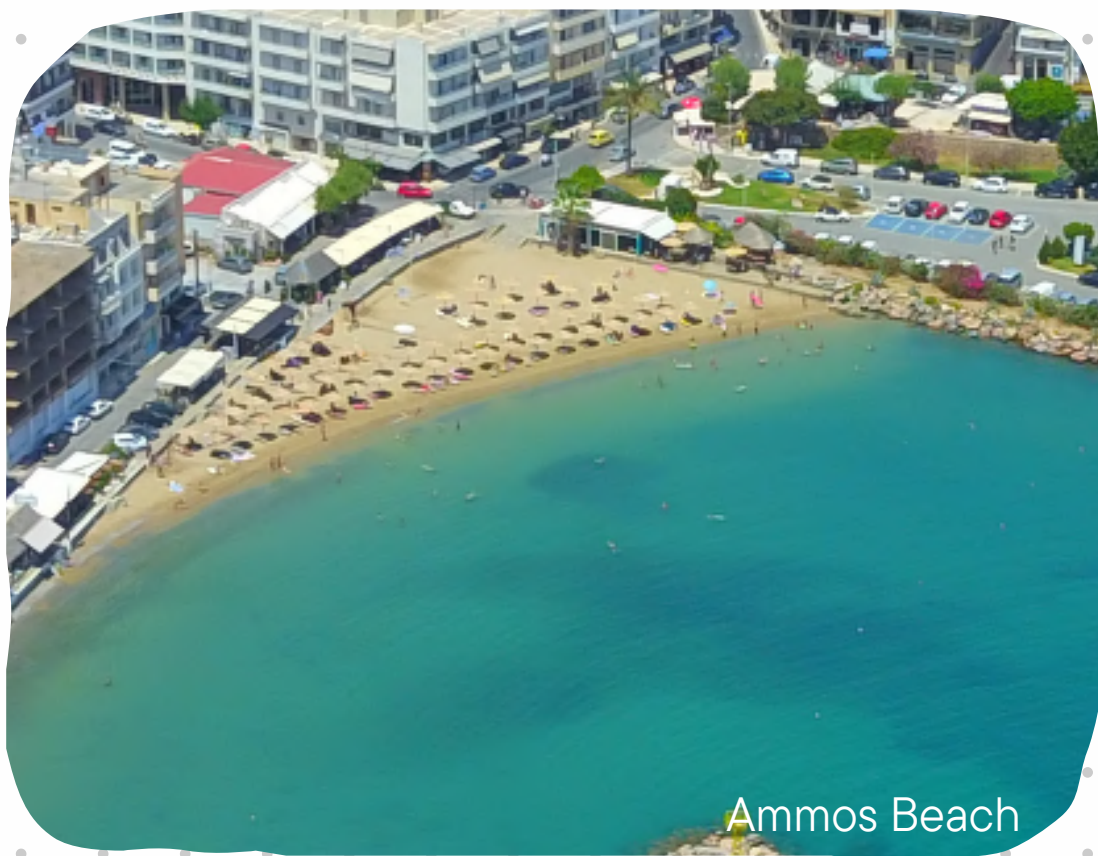

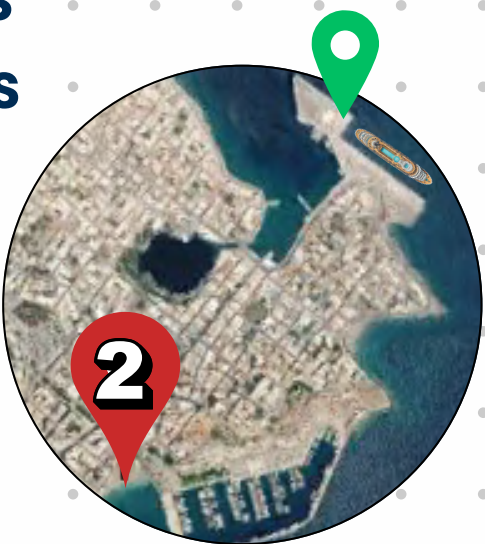

Designed for the Full Beach Visit

Ammos Beach

Each point is supported by practical infrastructure that improves the experience from arrival to the shoreline:

- Seatrac mechanisms**
- Access passageways**
- Accessible showers**
- Accessible toilets**
- Dedicated parking spaces**

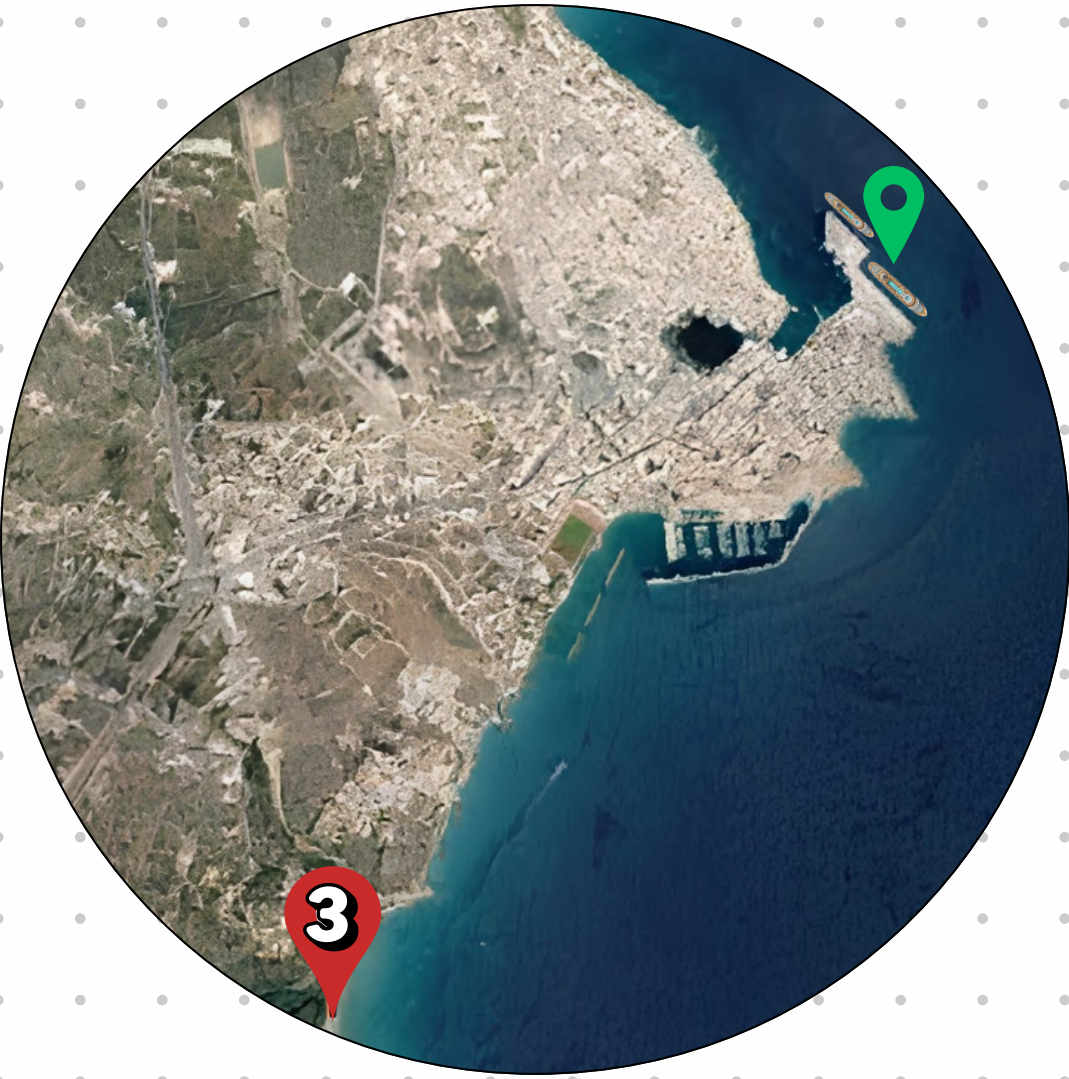

Ammos Beach

Ammos Beach

This makes the beach visit easier to plan, to use, and easier to promote as part of the destination experience.

A Stronger Destination Offering

For cruise lines, accessibility is now part of how destination quality is understood.

Agios Nikolaos now gives cruise guests more than one accessible way to enjoy its coastline.

More access.
More comfort.
A better day ashore.

Destination Identity, made Accessible

Agios Nikolaos is shaping a more accessible cruise destination, where more guests can fully experience its coastal identity...
